Know: Recognize the realities. Gospel growth produces both positive and negative responses in the hearts of people. Why is that important for us to remember today?

Grow: Consider your own life. Look around you. What can you learn about your own spiritual focus and growth as you observe how people respond to whatever message you're proclaiming?

Show: Think about the following two phrases from our Scripture passage today: "the name of the Lord Jesus was being magnified" (17) and "the word of the Lord was growing mightily and prevailing" (20). These are things God does. Is your life in such a condition that those things are happening in you? Through you?
